IMPORTANT NOTICE PLEASE READ

PASTURE GRASSES AND FODDER CROPS.—Since our last Price List was printed, bad weather in harvesting centres has made many lines very short. We have done our best to have as full a range in as large quantities as possible, in the circumstances, and we think we can supply most of our clients' needs at current rates, but these have to be very strictly subject to prior sale and your prompt reply, and all prices quoted herein or by letter are definitely subject to prompt acceptance and to stocks being available on receipt of order. We must reserve, if necessary, the right to make alterations in these values before the issue of our next Price List. We therefore advise all clients to make their bookings as soon as possible, so as to ensure supplies. We will gladly give advice or make suggestions if brief particulars are given us about local conditions, and we welcome your enquiries. The present weather makes conditions most favourable for sowing pastures and fodder crops, and we trust all clients who are in any doubt as to the best varieties to use for different purposes will avail themselves of our free services in making recommendations as to the best varieties and mixtures of varieties to sow.

VEGETABLE AND FLOWER SEEDS.—A complete list of Vegetable Seeds by weight will be found in Section 24 of this Price List, and we direct your attention particularly to our fine strains of Beetroot, Cabbage, Carrot, Cauliflower, Lettuce, Onion, Turnip, and other important lines. Market Gardeners throughout the Commonwealth find our strains unsurpassed for quality and viability.

Yates' Autumn Reminder is now available, and is being posted out to all gardeners on our Mailing List. If you have not received a copy, please advise us. It contains descriptions and prices of the more popular varieties of Vegetable Seeds, Flower Seeds, and Flowering Bulbs.

FLOWERING BULBS.—We beg to remind you that February and March are the proper planting seasons for all the important Spring Flowering Bulbs, such as Daffodils, Hyacinths, Tulips, Watsonias, Freesias, Anemones, Ranunculus, etc., and these are now available. Order early while large stocks are on hand from which to select your requirements.

TELEGRAMS: "SEEDSMAN," SYDNEY. TELEPHONES: M 2161 (4 lines).

CONDITIONS OF SALE AND NON-WARRANTY

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. LTD.

PRICES.—All quotations (by letter or printed list) are subject to being unsold and to prompt reply, otherwise to market fluctuation. These Current Price Lists are issued at short intervals throughout the year, therefore if not ordering at once, please write for the current issue when again on the market.

TERMS.—Our terms are strictly prompt nett cash, and orders should be accompanied by remittance for the approximate amount of the order (including freight if the goods are required by coastal steamer or passenger train, or if to be consigned to unattended platforms). When buyers have established an approved account with us, or if satisfactory Sydney business references are given, we will charge to customer's account on the understanding that customers remit promptly on receipt of invoice. When remitting, please add exchange to country cheques.

FORWARDING.—Orders sent by goods train are consigned carriage forward (except to unattended platforms) unless we are otherwise instructed at time of order. We deliver seeds on rail or wharf, Sydney, after which goods are on customer's account, and at his risk.

SUBSTITUTING.—On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "Do not substitute."

17. MANURES AND FERTILISERS

Owing to the high cost of freights and handling charges on small quantities, customers usually find it better to order these lines through their local supplier, but for those customers who have difficulty in procuring just what they want, we carry the following lines in stock. We will be pleased to make special quotations for large quantities, f.o.r. Manure Works. These Manures are packed by the Manufacturers, Australian Fertilisers Pty. Ltd., and the Australian Gaslight Co., in standard containers which cannot be broken as, under the Fertiliser Act of 1934, every container must carry the maker's guarantee of analysis. The prices quoted are nett, all carriage extra.

PRICES BY WEIGHT FOR MARKET GARDENERS AND OTHER LARGE USERS

DELIVERY—POSTAGE or CARRIAGE FREE.—Delivery of all Seeds, Plants and Roots sold is made at Post Office, Railway or Wharf, Sydney, but on Bulk Vegetable Seeds (other than Peas or Beans) invoiced at prices quoted herein, we pay all ordinary carriage charges. Customers desiring Bulk Vegetable Seeds to be sent by other than cheapest method should allow sufficient to cover any extra charges entailed. All bags free.

PRICES.—The prices quoted are those ruling at this date, and while we will adhere to them as long as possible they are subject to change without notice. Reduced rates for large quantities, where available, are shown, and the rate for the largest quantity priced in this list will be charged for any greater quantity. $\frac{1}{2}$ -lb. supplied at lb. rates and $\frac{1}{2}$ -oz. at oz. rates subject to a minimum of 1/- per item.

The range of quantities listed should be sufficient for the requirements of all customers other than those ordering in packets. If for some special reason quantities are wanted smaller than the minimum listed here the rate charged will be slightly higher, but the minimum order for bulk seed of any variety must be to the value of 1/-, otherwise packets will be sent. All vegetable seeds are 6d. per packet (except where otherwise stated); and in addition we make up a range of popular varieties in No. 2 size packets at 3d. per packet. N.B.—Please carefully write "ozs." or "ounces" and "lbs." or "pounds" to avoid confusion with "doz." and other common abbreviations. **CONDITIONS OF SALE AND NON-WARRANTY** as set out on page 1, to which you are referred. **DESCRIPTIONS.**—See Yates' Annual, sent free on request. We also publish various free booklets and leaflets on the cultivation of some of the more important kinds.

The reduced rates quoted in this list for the larger quantities specified apply when the respective quantity is ordered at the one time and for the one delivery.	oz.	$\frac{1}{2}$ lb.	lb.	Per lb. in lots of
